HOW TO COMPLETE THE MAZES

1

FIND THE START:

Look for the entry point of the maze. It's usually marked at the top, bottom, or side.

2

FIND THE GOAL:

Before you begin, spot the FINISH or destination you need to reach.

3

USE YOUR FINGER FIRST:

Before drawing a line, try tracing the path with your finger to find the best way.

4

WATCH OUT FOR DEAD ENDS:

If you reach a path that doesn't go anywhere, go back and try a different route.

5

STAY INSIDE THE LINES:

Use a pencil to carefully follow the correct path. If you make a mistake, don't worry—just try again!

6

TAKE YOUR TIME:

Mazes are puzzles, so be patient and have fun while finding your way.

7

COLOR AND CREATE!

When you finish, color the pictures and add your own decorations to make the page even more fun!
